Dimensions in mm

Side View

Dimension type	Capacity	H	M
BJ-8-207	0.25t – 2t	41mm – 48mm	M12 x 1.75
	5t	67mm – 77mm	M20 x 2.5

Mounting Instructions:

Screw the load adaptor in the Load Cell element as shown.
 Take the BJ-8-207 foot and install as shown.
 Lock the foot with the supplied linchpin. Now you can adjust the height by rotating the rubber part. If the desired height has been reached, you can lock the foot with the lock nut by turning it against the foot.
